

Lunar Alighment With Animals

Stawberry Moon in Sagitarius

Whispers of the Wild

Our monthly gathering is the same day as the full moon!
And the theme is *Whispers of Wild*.

This Wednesday, June 11.
1:00 PM PST

The Strawberry Moon got its name from Northern indigenous people, as this moon signaled the right time to harvest their big, ripe strawberries.

Did you know that the strawberry's seeds are on the fruit's exterior, making them very beneficial in removing toxins from the body? They also help lower cholesterol, control blood sugar, help the heart, joint inflammation, and more!

*Spiritually, the Strawberry moon in Sagitarius presents a time to dream BIG: expansion and making your dreams manifest into being!
This is a moon of "freedom, honesty, and bold vision."*

*This full moon asks you to **Think Boldly and BELIEVE IN YOURSELF.***

This is the time to...

- *Think big*
- *Travel, or learn something new (and some of you are, or already have traveled--don't you love it when you're intuitively aligned? (I have taken to completing my book, full force.)*
- *Seek spiritual truths (what we'll be doing this Wednesday)*
- *Release old beliefs that hold you back*
- *ACT on your dreams*

THIS WEDNESDAY, you'll be guided through a sort of remote viewing/ shapeshift with Spirit Animals to see from their eyes, attain wisdom and insights, while building your intuition, empathy, and communication with animals.

Housekeeping for Members

If you read “Wednesday, June 7” on the membership page,
it was a typo. Sorry for that.

*Initially, our monthly meet-ups were intended to be held on alternating
Wednesdays and Sundays. This hasn't always worked out. And now,
Sundays will be more difficult to schedule as we roll into summer with
my Animal Communication courses possibly beginning.*

*Weekdays also need to be flexible because of the unpredictably
scheduled art teaching jobs that pop up out of the blue.
(I just found out I'll be teaching nine classes starting next week, instead
of three. Yikes! I'm not prepared!)*

For now, I am shooting for weekdays, alternating times from **10:00 AM
or 1:00 PM PST**, so everyone can attend when possible. Some of you
work. There will always be replays to watch when you miss a day. And
you can still participate by pausing the video.

Rsvp's are never necessary. However, since there's always a lot of
preparation involved, I would greatly appreciate it if you could tell me if
you will **not** attend. Especially, if it turns out to be a

No-show for all of you,
I won't put on the makeup.

***This week, WEDNESDAY, JUNE 11,
we'll be meeting at 1:00 PM PST***
